

## The **Fisherman's Advocate**, February 6, 1946:

*We recently had the pleasure of extending a welcoming hand to another of our war heroes, this time Sylvester Gough who arrived on Wednesday of last week. Seaman Gough is one of four sons of Mr. and Mrs. George Gough, all of whom have served from three to five years on active duty - one in Royal Artillery and three in the Royal Navy....John has not returned. News of his marriage in England was received some time ago and it is not certain whether he will return in the near future or not*
